

Becky Lamb

Head of English Department

Hi, my name is Ms. Becky Lamb, and I have been teaching at Genius Academy since 1996. Phonics, reading, writing, grammar and public speaking are some of the classes I have helped develop during my career at Genius Academy. Prior to teaching at Genius Academy, I taught kindergarten and pre-school at Challenger School in Saratoga.

During my college years, long ago, I went to Dominican College, Foothill Jr. College and completed my BA in Liberal Studies at San Jose State University. After college I spent time being a mom and learning as much as I could about being a good parent. Being with my children inspired me to coach soccer, and teach Sunday school.

My longing to share the joy of learning with others began long ago. Although not formal teachers, my parents loved to teach us about life and the world around us. Through literature, family discussions, and vacations in the wilderness of America, we were encouraged to search for knowledge and share it with each other.

During my free time I love to read, hike, volunteer at church and play with my grandchildren.
