For students who enjoy literature, arts, and crafts, our Language Arts Bundle gives them a challenging yet **highly interactive, project-based program** that expands knowledge of and excitement for the arts, develops skills in **critical thinking, writing, and public speaking, and boosts creativity and teamwork**. In a lively, cooperative environment, students read engaging books, interpret them through discussion and writing, express their ideas with hands-on crafts, and present group projects. With a focus on creative interaction and personal expression, this program gives students the comprehension and analytical skills needed for upcoming English classes in school.
