

# Kelsey Regan

## Teacher

Hi everyone! My name is Kelsey Regan (Miss Kelsey) and I am one of the math teachers here at Genius Academy. I also host the Homework Club for students in kindergarten through second grade.

I have dreamed of becoming a teacher ever since I was a little girl. I have been a private math tutor in the Bay Area for 6+ years to students of all ages. Math is my passion. I am currently a part-time college student pursuing my Associates in Mathematics at Mission College in Santa Clara. After graduating Mission, I plan to transfer to San Jose State University to receive my Bachelors in Math.

Outside of school and work, I love to spend time with my family, play with my dog (Bailey), and take care of my elderly grandparents. I also love to travel. My favorite place to travel to is the Amalfi Coast in Italy. One place I have yet to travel to is my Mom's birthplace, Scotland. I hope to travel there soon.

I am so excited to have been able to become a part of this amazing team here at Genius Academy and I cannot wait to watch your children learn and grow!
