## SUPERHEROES: PRESENT & PAST

- What qualities make for a beloved and complicated superhero?
- Get to know the backgrounds of some of your favorite superheroes and try your hand at creating your

# Math Bootcamp Group C - Session 1

6th - 8th Grade

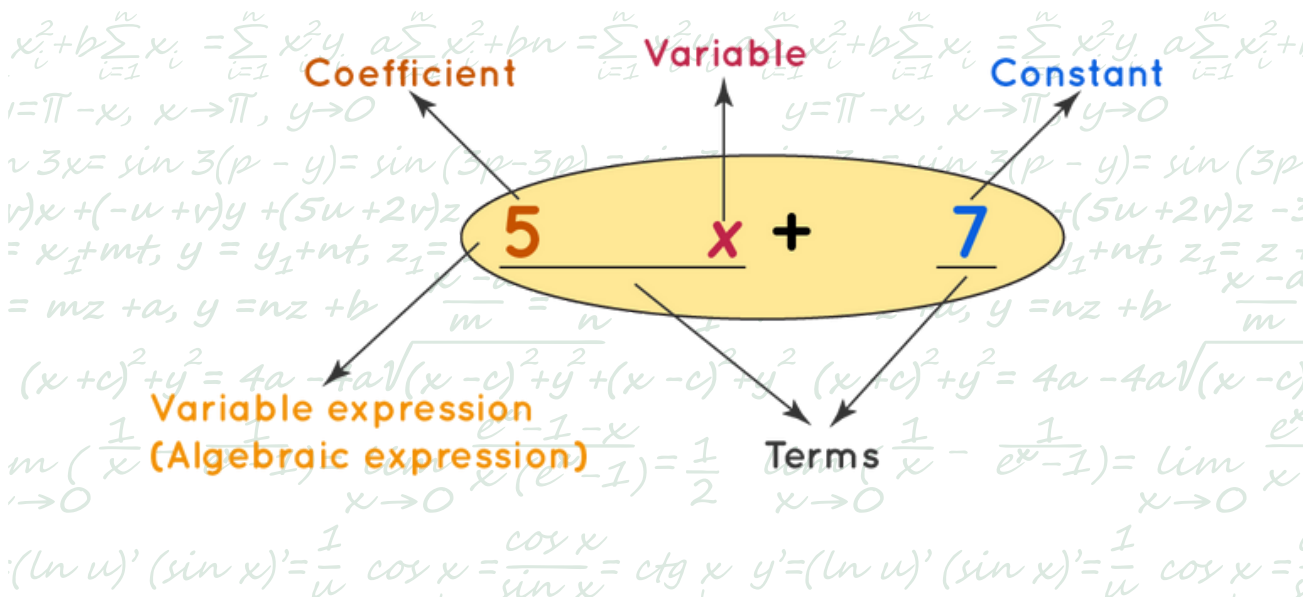

June 10 - 21

PM Program 1:30 - 4:30

- Revolutionize the traditional class model
- Seamlessly integrate crucial knowledge points
- Progressive course structure for deeper understanding
- Engaging exercises ignite a passion for learning
- Unlock middle school essentials in just eight weeks

## EXPLORING ALGEBRAIC EXPRESSIONS PART I

### What is an Algebraic Expression

# Math Bootcamp Group C - Session 2

6th - 8th Grade

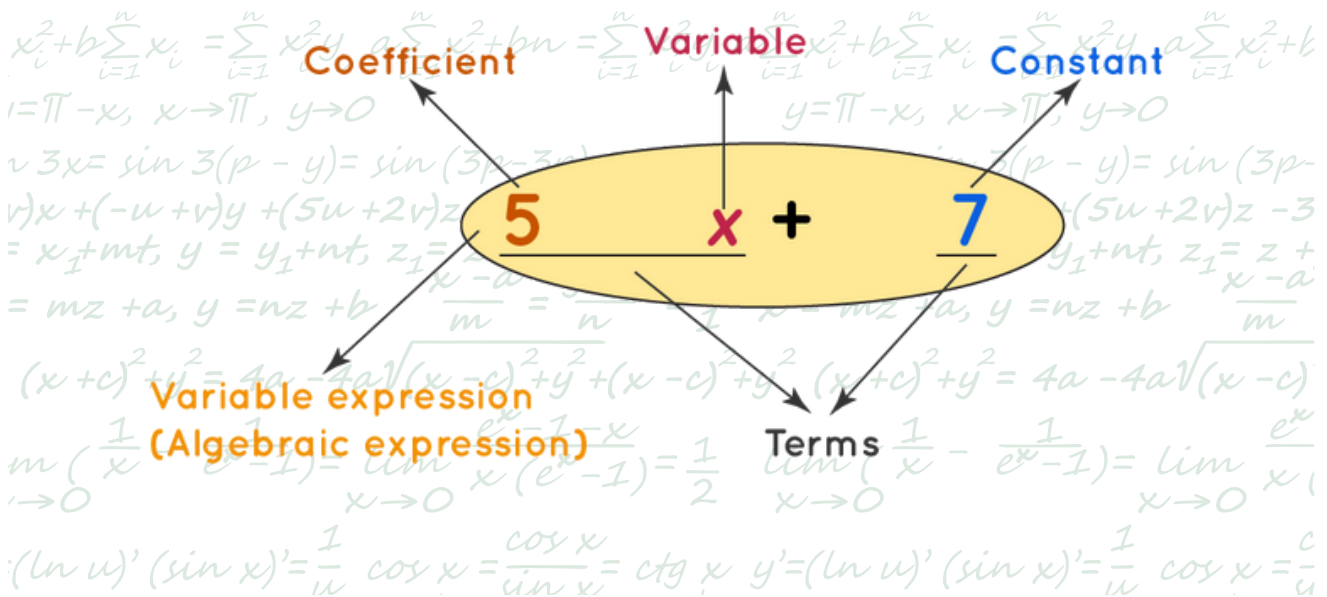

June 24 - July 5

PM Program 1:30 - 4:30

- Revolutionize the traditional class model
- Seamlessly integrate crucial knowledge points
- Progressive course structure for deeper understanding
- Engaging exercises ignite a passion for learning
- Unlock middle school essentials in just eight weeks

## DIVING DEEPER INTO ALGEBRAIC EXPRESSIONS, PART 2

### What is an Algebraic Expression

# Math Bootcamp Group C - Session 3

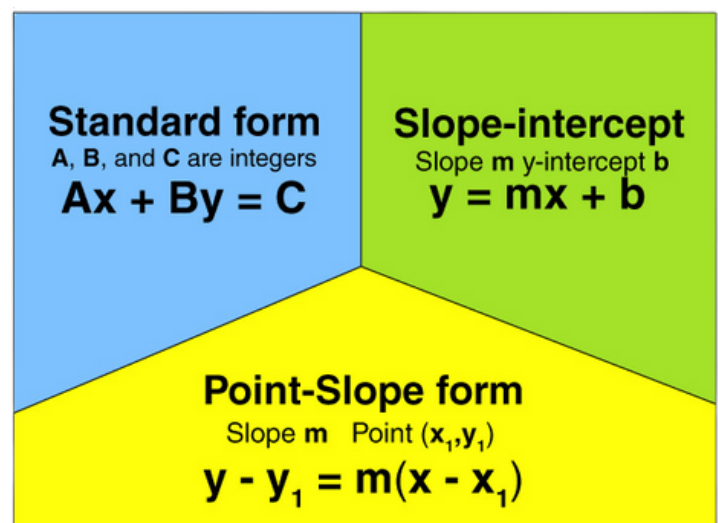

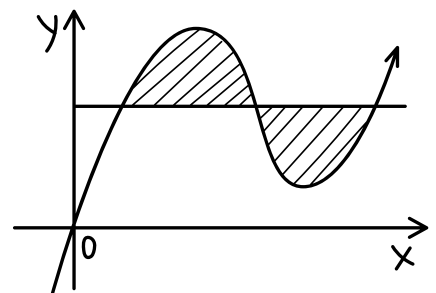

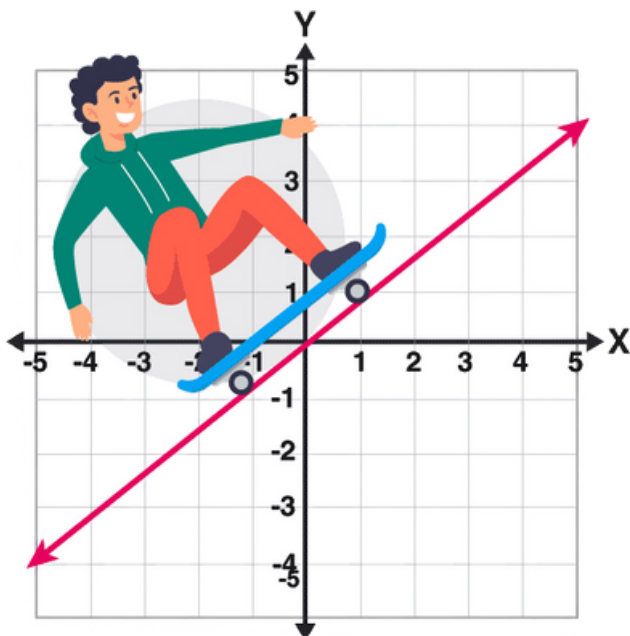

6th - 8th Grade

July 8 - 19

PM Program 1:30 - 4:30

- Revolutionize the traditional class model
- Seamlessly integrate crucial knowledge points
- Progressive course structure for deeper understanding
- Engaging exercises ignite a passion for learning
- Unlock middle school essentials in just eight weeks

## UNDERSTANDING LINEAR FUNCTIONS & SYSTEMS

# Math Bootcamp Group C - Session 4

6th - 8th Grade

July 22 - August 2

PM Program 1:30 - 4:30

- Revolutionize the traditional class model
- Seamlessly integrate crucial knowledge points
- Progressive course structure for deeper understanding
- Engaging exercises ignite a passion for learning
- Unlock middle school essentials in just eight weeks

## MASTERING PERCENTAGE, RATE, RATIO & PROPORTIONS

Distance (Miles)	390	78
Time (Hours)	5	1

*Note: Red arrows indicate a ratio of 5:1 between the two columns, with a '-5' label above and below the table.*
