

Madhumanti Palit

Teacher

Hi, my name is Ms. Madhu and I'll be teaching Reading for Grades 2 to 5. I received my Masters in History from India. After I moved to the US, I have been a homemaker and tutoring my daughter in English and Social Science throughout her elementary and middle school years.

Recently, when my daughter started college, I was inspired to join Genius Academy to share my love for teaching and make a positive impact on the kids.

I have always enjoyed working with young kids, guiding them, encouraging them and finally seeing them succeed academically brings me the maximum joy.
